FRT-A-SB

The FRT-A machine offers virtually hands free operation. With amazing speed and consistency, this fully automatic machine is able to transform cuts of meat into attractive case-ready products. Its ease of operation and versatility allows adjustable spacing, number of ties, belt speed along with other features to suit your tying preferences.

STANDARD FEATURES:

- Non-slip infeed and outfeed conveyors
- Pneumatic grippers for optimum product control
- Vertical side belts to form and hold product
- Interlocked removable catch tray prevents deposits, residues or product-scrap soiling the floor or the inside of the machine
- Tool free belt removal/replacement
- Non-contact product sensors
- Wear-free AC Servomotors
- Automatic reset of knotting unit and ring
- Smart Motion Controller with LED displays
- Up to 60 strings/min
- Selector switch for single, double and triple tying
- Variable belt speed up to 20 mtr/min
- Also available with side knotting unit (FRT-AS-SB)
