PROFESSIONAL SERIES AUTOMATIC BUNDLER

RELIABLE AUTOMATIC BUNDLING

Proven reliable over and over again, EASTEY's automatic bundler provides you with all the quality features found in much higher priced machines. They are designed and built to give you all the features needed for positive sealing of polyethylene film.

EASTEY'S automatic bundler's are expertly welded on 1/4" cold rolled steel frames and designed to handle the day to day abuse of even the most demanding bundling applications. Each bundler utilizes two rolls of single wound film mounted on the same side of the machine and an upper and lower power film unwind for ease of use.

FEATURES AND BENEFITS

- Designed to seal polyethylene films.
- 35", 50", and 70" wide hot knife seal system.
- 22" adjustable product pass through height.
- Film loading from left or right side.
- Color PLC touchscreen operation for easy adjustments.
- 68" max film width.
- 12" max film OD.
- All-welded main frame from 1/4" cold rolled steel.
- 220v standard. Optional 480V.
- Easy to use design requires minimal training, maintenance, and trouble-free operation.
