# REVOLUTION<sup>®</sup> HIGH PERFORMANCE MACHINE FILM

*Leader for the stretch packaging industry*

## FEATURES AND BENEFITS:

- Leading load holding force
- Exceptional stretch film for puncture and tear resistance
- One-side cling—inside layer has highest tack in the industry
- 250–300% pre-stretch capability
- 25% or more down gauge capability, leading to potential cost savings
- While the outside film has a slip layer, tails can be virtually eliminated
- Clarity makes scanning easier
- Increased production from reduction in film breaks and less roll changes

## GAUGE:

- 45 to 115 mil

## WIDTH:

- 20, 30 in

## LENGTH:

- 5000 to 10,000 ft
