WINLOCK[®] HAND FILM

WINLOCK is the next generation of oriented hand wrap material

FEATURES AND BENEFITS:

- Oriented film
- Folded outside edges
- Performance resin blend
- Low-gauge, lightweight rolls
- Lightweight core or coreless options
- Use less material versus conventional hand wraps
- Helps enable user to apply consistent wrapping force
- Reduces “neck down” during wrapping to allow full use of the film’s width
- Prevents roll damage and wasted material
- Superior puncture and tear resistance even at low gauges
- Easy to handle and use for improved wrapping efficiency

COLOR:

- Clear

WIDTH:

- 15.5, 17 in

LENTH:

- 1500, 2000 ft
